Experience

Nethelands
Frontend Developer
VeiligWerk / SafetyFirst
January 2020 - December 2024
Experienced front-end developer with 5+ years of creating visually appealing, user-centric web applications. Proficient in HTML, CSS, JavaScript, and highly skilled in React.js, Next.js and Bootstrap. Experienced in API integration to enhance functionality and performance. A strong collaborator with cross-functional teams, dedicated to delivering high-quality user experiences across all .

Key Skills and Achievements
Designed and implemented product demonstrations for sales managers, effectively showcasing product features to potential clients.
Developed end-to-end web applications, including backend development with Node.js and SQL, demonstrating a full-stack development skill set.
Integrated APIs to optimize data handling, resulting in faster and more dynamic user experiences.
Focused on creating responsive designs in React.js and Next.js, ensuring ideal display across devices and browsers.
Unfortunately, I cannot provide code samples as the company had a protocol that required code confidentiality. I respect and adhere to this protocol.
However, I do have a letter of recommendation from the CEO of the company.

Tânia Moura

<p> Frontend developer <p>
<span> Industrial Design <span>

Possesses excellent interpersonal skills and a strong ability to collaborate effectively. Equally adept at working as part of a team or independently. Thrives in creative and challenging environments, consistently meeting deadlines. Demonstrates exceptional work ethic and professionalism.
